

<http://www.glowplugmanufacturer.com>

We wish to introduce **NAV INTERNATIONAL** as an auto ancillary unit, established in 2012 exclusively to cater to the needs of After Market export. More specifically for the Solenoid valves, Glow plugs & Automotive Switches.

We are exporting our products to South East Asian, Middle East, European & South American countries.

As far as Quality is concerns a well-defined quality management system as per OEM Standards. Our product quality is at par with any international manufacturer. All the materials used can withstand extreme conditions. Our product can operate from -20 Degree C to + 120 Degree C. All the O rings and rubber components are made of FKM material and no compromise in product quality.

Not only new development from drawing but we have expertise in reverse engineering (from Sample) also.

Trust the details submitted are in line with your requirements and look forward to hear from you as soon as possible.
